Two fitness tests

Attendance has been really good all year with an average attendance of around 8 people.

The RFU has delivered two open Level 2 refereeing courses. From May 2017 the course will undergo some changes with the main emphasis on a greater proportion of practical experience.

The CMOD delivered at a Society members' meeting had 4 non-Society attendees and the session on the new tackle law had 3 non-Society members attend. Hopefully this trend will continue and increase.
