

LSRUR Hon Secretary report 2016 /2017

Well the end of my 12th year as Secretary of the Society and still hoping to be re-elected for the next three years.

The job has got easier with the use of electronic communication over the years. This is highlighted by the easy circulation of information to members via our website and social media.

International tickets sold well this season and we continue to get at least 15 for each home game, however, the extra tickets that we used to be able to get are getting harder to obtain as they are now done online and have to pay a premium for them. If you would like tickets please order in plenty of time.

We still have disciplinary issues surrounding reporting of Red Cards, I can only reemphasise if you send somebody off, don't try to bury it under the carpet, it wont go away, you must report it to me initially and let the process take care of the rest.

I wish you all a restful off season and look forward to seeing you all very soon.

John Hill
Hon.Secretary
