

Sundays

Yet another busy season for Sundays, with a similar number of appointments to the previous season.

One of the key objectives for the RFU during the season, was for Referee Societies to give priority to Junior and Ladies games and it is pleasing to report that the Society achieved a 100% hit rate for the whole season.

Although the Junior Plate/Cup schedule was repeatedly disrupted due to bad weather, we managed to keep up with the increased demand for referees once the better weather arrived as a result of everyone's flexibility and willingness – sometimes refereeing 2 games on the same day.

It would have not been possible to cater for the number of requests for referees (particularly last minute) throughout the season without the dedication and commitment of many, many referees (sometimes in quite appalling conditions), for which I am very grateful.

Thank-you to each and everyone who helped out during the season – whether it be as a referee or watching one of the newer referees – it is very much appreciated.

Roll on next season
